

Healthcare Management System

HMS Health+

A Robust hospital management solution centric to the entire hospital processes like booking doctor appointments, secure exchanging & storage of medical records, reports, payment of fees and many other features at fingers tips.

- Cloud Base
- Fully Customizable
- Health Cards
- Interoperable
- HIPAA Compliant
- Disease and Drug Registry

Operation Theatre Management

Managing patients inside an Operation Theatre requires precision, timing, coordination, and documentation.

Our OT Management System enables hospitals to digitally manage the complete surgical workflow – from patient scheduling to post-operative transfer – in a structured, transparent, and real-time manner.

About HMS Health+

HMS Health+ is an all-in-one platform for collaborating hospitals, patients, doctors and associated medical staff to pursue workflows efficiently.

- Patient Statistics
- Organization Inventories
- Payment Integration
- Tracking Patient Appointments
- EMR (Electronic Medical Report)
- Radiological Reports
- Pathological Reports
- Doctors & Staff Availability
- IOT Enabled Platform

Enhancing Patient Experience

Enabling Health Enterprises to focus on Patient Care through a platform that improves Doctor to Patient experience.
